## **Bradford-Scott Partners with AME Group to Provide CUs a Firewall Solution**

INDIANAPOLIS, IN – [Bradford-Scott Data Corporation \(BSDC\)](#), a Sharetec system provider, announces they have partnered with the [AME Group](#) to provide credit unions a more robust firewall solution that will help combat cyber security external threats.

“The team at the AME Group is very excited to partner with BSDC to provide a managed, next generation firewall solution that will benefit credit unions when managing threat assessment,” said Rob DiPlotti, VP Sales at the AME Group. “This new partnership will provide BSDC Credit Unions with managed firewall protection by an industry leader and allow BSDC to focus on credit union support and their other key offerings.”

AME Group and BSDC will offer credit unions constant monitoring, access to a team of security experts, threat detection, and more, to assure downtime is minimized and daily operations uninterrupted. With testing being performed against the firewalls, reporting will be provided to credit unions, along with the latest firewall technologies and remediation help for new vulnerabilities.

Katia Jentgen, Hardware Manager for BSDC, comments, “Our clients’ network firewalls are the main line of defense against external threats and some malware. As our clients grow, so will their demands in complexity for their firewall services. The AME Group undoubtedly understands the demands well and will be able to monitor, modify and update changes automatically and upon request. BSDC is excited to partner with the AME Group, a 24x7x365 managed service provider for firewalls and other network equipment.”

### **About Bradford-Scott Data Corporation**
