St. John's CU in Belize Signs with Sharetec to be their Next Core Banking System

LINO LAKES, MN – Sharetec System, core technology made simple, announces [St. John's Credit Union \(SJCU\)](#) in Belize signs with Sharetec to be their next core banking system.

“St. John's Credit Union prides itself in being awarded as the most progressive and fastest growing credit union in Belize. We aim to efficiently manage our operations, provide timely service and ensure optimum returns to our members. After evaluating several software options, SJCU concludes that Sharetec can provide a robust core banking software that integrates with modern, mobile and online banking platforms, enable targeted marketing and communication, and the generation of accurate reports. Sharetec has the best offerings to help us meet the needs of our members and prospective members,” comments, Barrymore Smith, Director of St. John's Credit Union.

Matt Isger, Regional Director for Sharetec, comments, “St. John's Credit Union has recently built another branch and now they are investing in more services for their members. The technology investment in a new core banking system shows how committed St. John's Credit Union is to their members, offering electronic alerts, mobile banking, and a robust internet banking application that members can use 24/7. After their extensive visits out of the country to see Sharetec in action in several countries, the team at St. John's CU felt comfortable moving forward.”

About St. John's Credit Union

St. John's Credit Union has established a long-standing tradition of excellence to become one of the leading financial institutions that it is today. Since 1946, SJCU has served its members by catering to individual needs, giving members opportunities to gain financial security and independence.

About Sharetec

Sharetec is the core banking software provider with nearly 300 credit unions in the United States & Caribbean. In the Caribbean region, Sharetec has been selected 13 times in the past 24 months. Sharetec delivers a CU board member favorite “*Return on Investment Report*” so each CU can understand all the inefficiencies that can be resolved by migrating to Sharetec.
