Sharetec 2012 Annual Users Conference

INDIANAPOLIS, IN – Sharetec System, the core data processing system that is utilized by more than 300 credit unions nationwide, prepares for the [16th Annual Sharetec Users Conference](#) at the Grand Wayne Convention Center in Fort Wayne, Indiana, on August 28th - 30th, 2012.

Connie Adkison, CEO at [Moline Municipal CU](#) says “We have attended several Sharetec User Conferences and have always left with practical ideas we can put into use. The speakers brought in are top notch and we really enjoy the opportunity to network with our peers and exchange best practices. This year we are excited to attend the special session covering non-interest income sources and expanded ways to reach our members remotely, via mobile signatures, mobile banking, and online enrollment.

Sharetec customers will have the opportunity to choose workshops from a collection of hands-on labs showcasing new features. They will also enjoy credit union related speakers and vendors offering knowledge that can be used to grow membership and develop business strategies.

“Our Annual Users Conference has over 15 different hands-on labs, round table discussions, a special CEO track and much more. This year is highlighted by some exciting speakers. One customer is explaining how her CU generates income, so much that her credit union is in the top 1% ROA of all CUs.” said Bonnie Doolittle, Software Manager of [Bradford-Scott Data Corporation](#), one of four Sharetec System Partners.

About Sharetec System

Sharetec, a provider of both in-house and service bureau solutions, has a customer base over 300 and has grown 64% since the year 2000. The [Sharetec System](#) is one of the most widely installed credit union software systems in the United States.
