**Sharetec Home Banking Selected by 23 Credit Unions in 2011.**

INDIANAPOLIS, IN -- Bradford-Scott Data Corporation, a distributor of the Sharetec System, announced that 23 credit unions made the decision to switch to its Home Banking platform in 2011. The Sharetec core data processing system is utilized by more than 300 credit unions nationwide, of which 130 are using Sharetec Home Banking.

Keane Kulak, Regional Director with Bradford-Scott said, "Sharetec Home Banking has been well received by our customers from the day it was made available." Kulak continued to say, "The tight integration to our core system, combined with the unique revenue generating tool Segmint, has helped a number of CEOs make the decision for Sharetec Home Banking in 2011. As credit unions continue to look for ways to strengthen member service and grow income, we expect this trend to continue."

Sharetec customers are echoing the same thoughts. Tangela Souders, President at Wiregrass Federal Credit Union recently shared, "We have more members using Sharetec Home Banking than we did on our prior system. Our members love the interface and are excited about the addition of new services such as mobile banking and Geezeo for Online Financial Management."

**About Wiregrass Federal Credit Union**

The Wiregrass Federal Credit Union ([www.wiregrassfcu.org](http://www.wiregrassfcu.org)) has been serving the Wiregrass Community, made up of Coffee, Covington, Dale, and Houston Counties in Alabama and Jackson County in Florida since 1959. The credit union, originally called Fedapostal Federal Credit Union, has over 5,600 members and nearly \$40 million in assets.

**About Bradford-Scott Data Corporation**
