Top 1% ROA Credit Union to Speak at Sharetec Users Conference

INDIANAPOLIS, IN – [Sharetec System](#), the core data processing system that is utilized by more than 300 credit unions nationwide, welcomes Teri McEwen, President/Manager of [Members First Community Credit Union](#) in Quincy, IL, to the [16th Annual Sharetec Users Conference](#).

As examiners focus on income, mergers will continue to be commonplace. As a result, more credit unions are focusing on non-interest income to make up for lack of loan income. Members First Community Credit Union uses a number of key products to generate incredible income and decrease their expenses. This effort has catapulted them into the top 1% ROA of all credit unions in the country.

Matt Isger, Regional Director said, “Members First Community Credit Union has the typical community charter with members of all walks of life. If Teri can succeed with their membership, then certainly other credit unions can benefit from her insights. It is common I get asked how the credit union does so well. Now all will know.”

[Lee Wetherington](#), AAP Director of Strategic Insight for Profit Stars, and Karen Gilliam-Brown, Vice President and Chief Financial Officer of [USA One Credit Union](#) will also be speaking at the Sharetec Users Conference.

This information contained in this press release is accurate at the time of publication. However, specified information may change over time.

About Teri McEwen

Teri McEwen joined [Members First Community Credit Union](#) in 1985 and since then, the credit union has grown from \$1 million in assets to \$39 million in assets. Teri served every position at Members First and became President in 1992. Teri has been very progressive by being the 1st credit union in the area to offer such services as a website, home banking, risk based lending, tiered courtesy pay, mobile banking, online member application, e-Notices, PFM, and many other services.

About Sharetec System

Sharetec, a provider of both in-house and service bureau solutions, has a customer base over 300 and has grown 64% since the year 2000. The [Sharetec System](#) is one of the most widely installed credit union software systems in the United States.
